Impulsbeispiele für die Lehrplanimplementation

Situation:

There are so many areas in our daily lives where we have to deal with numbers. Think of dates and times, prices and telephone numbers. Imagine you become a salesman and will work in an appliance store. Sometimes you might even have to serve English speaking customers and should know basics of numbers and measurements.

1. Repeat how to spell numbers

Draw lines to match the expressions and the numbers.

two thirds	9:30
two thousand three hundred and seven	4.5.1997
half past nine	0044-8701-566 366
eight point ninety-nine Euros	8.99 €
fourth of May nineteen ninety-seven	2,307
twenty-five	25
double o double four eight seven o one five double six three double six	2/3

Do you know which of the given numbers is a

date _____

price _____

time _____

telephone number _____ ?

2. Do you still know measures and units in English?

Complete the chart below. Use your dictionary if necessary.

Länge – length Höhe – Breite –		Gewicht -		Fläche -		Volumen -	
	kilometre	t		km ²		m ³	
m		kg		m ²			cubic decimetre
cm		g			square centimetre	l	
mm			milligram	mm ²		cm ³	

Practise these units and find out:

How many km are 5 miles? _____

How long is the distance between your home and school in km? _____

Find out the height of the Empire State Building. _____

Can you guess the weight of Big Ben? _____

How many times does Germany fit into the USA? _____

3. Listen to the dialogue and do the following tasks.

Unknown words:

appliance	- Gerät
nifty	- raffiniert, schick
newfangled	- neumodisch
handle	- Handhabe (ugs.)
to want a hand	- short for: to want a helping hand
shelf	- hier: Ablage, Fach
customer	- Kunde

Answer the questions.

What does the customer want to buy? _____

Why does he need it? _____

How does the customer take the appliance home? _____

Mark the correct answer.

The fridge costs 399.00 Euros/ 3.99 Euros/ 3,990 Euros.

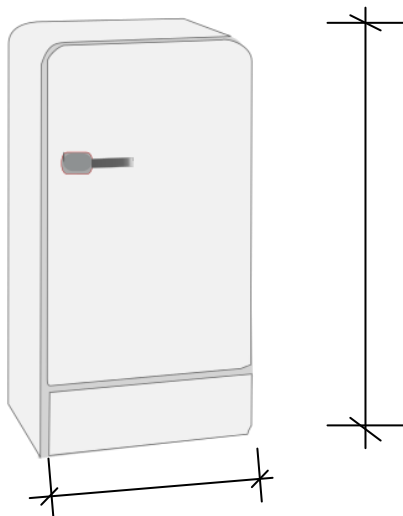

Its volume is 805 l/ 815 l/ 850 l.

The height inside is 1.774 mm/ 1,774 mm/ 177.7 mm

The fridge weighs 180 kg/ 116 kg/ 164.3 kg.

Extra task

Find out the missing dimensions.
