---

Look at the map of London and mark the places Sherlock Holmes and Dr. Watson were.

Choose **three to five places** and create a Sherlock Holmes visitor's guide and city walk tour.

1. Do research about these places in the internet and state:
  - what is important and special about these places,
  - if you can visit them,
  - how much the entry fee is
  - why one should go there
  
2. How do you get from one place to the other?
  - Do research on the internet and describe how.  
As it is a city walk you should choose the best and most interesting walking routes.
  - How long is your city walk tour, how much time will you need, and what will the visitors need on this tour.
